I have consulted the Deputy Commissioners in the matter and they are of the opinion that besides stocking these forms in the several Government Book Depots, a stock may be maintained in the District and Taluk Treasuries also for supply on indents for cash to the several agencies specified in the Government Order. The Treasuries may maintain accounts similar to those maintained in respect of stamps. I agree with them.

(20) The Supt. Govt Printing requests that he may be permitted to comply with requs received from several agencies when they are accompanied by Treasury Chellans in support of the credit of the Cost of the patta books.

(21) The Rev: Coonoor's proposal is that in addition to the stock maintained in the Govt. Book Depot, the patta books may be stocked at the Dist & Taluk Treasuries as well for supply on indents for cash to the several agencies, the treasuries being required to maintain accounts.

(22) Thus the diffee between the Supt's request and the R.C's recommendation is mainly with regard to the stocking of the patta books, the Rev: Coonoor having suggested additional places for stocking the books. Re- the Supt's only recommendation viz - sale of patta books for cash only paid in advance -, the Rev: Coonoor has no objection.

(23) The Rev: Coonoor's suggestion to stock the books in the Dist and Taluk Treasuries seems to be more convenient to the Shanbhogs as these places are of easy approach. If this is adpd indents may not be sent to the Govt Central Book Depot by the Shanbhogs. But other Agencies viz: Stamp Vendors & Agents for Sale of Govt Publications may get the books from the Govt. Bk. Depot and the Supt will have to sell to these agencies.

28 I am of opinion that the Patta Books may be sold only from the Book Depot and its Agents or through the Shanbhogs and Stamp vendors when their requisitions are accompanied by treasury receipts in support of the credit of the cost of these books as laid down in G. O. No: G. 5811-14/P.&.S. 24-34-2, dated 12/13th December 1934. If, as suggested by the Revenue Commissioner, these forms are stocked in all Taluks and District Treasuries for sale and separate accounts maintained therefor by the treasuries, it will not be possible for this office to watch the adjustment of the amounts due on these books. A similar procedure was adopted in the case of a book called " Socrates in an Indian Village " and the books were supplied to the Deputy Commissioners of Districts for sale in accordance with the Director of Public Instruction's letter No: T.2;5874-217/30-31, dated 3rd July 1931. The Khathe, Khiridi and Village Panchayet Receipt forms ~~are~~ were supplied to the Revenue Departments as per Revenue Commissioner's Circular No: C. 2489/33-34, dated 1-5-34 on the understanding that regular accounts should be maintained and the amounts due adjusted. This procedure has not worked satisfactorily inasmuch as some of their accounts have not been settled even though the supplies were made over three years ago. This has resulted in a lot of correspondence and some of the officers to whom reminders are sent have not taken notice of these reminders.

(29) The Government Book Depot which has its Agencies in all the Districts and Taluks Head-quarters, the Shanbhogs who go about from Village to village and the Stamp-vendors are within the easy reach of the public. The Patta forms can, therefore, be procured from them for cash without the least difficulty. These Agencies have sufficient inducement to stock these forms as they get a commission of 15% on on the sales. In view of these facilities for a wider and rapid cash sale of the Patta forms, the necessity ~~and~~ for stocking them in all treasuries, the treasuries being required to maintain separate accounts for them, does not seem to ~~be necessary.~~ arise.

P&S: 12-8-35

(30) For the foregoing reasons, I am of opinion that requisitions accompanied by treasury receipts in support of the credit of the cost of books from Shanbhogs, Stamp-vendors and the Book Depot Agents as approved in the above Government order does not need any modification, as in this case the money would have been recovered easily in advance and the transaction finally settled.

(40) I am unable to agree with the Superintendent, Government Stationery, and the Comptroller. Practically all the Deputy Commissioners are in favour of the proposals I have made, and some of them even consider that the existing practice of supplying Patta forms to Shanbhogs on credit should continue, if the use of these forms is to be popularised among the ryots. We have now proposed that payment should be made in cash and if, at the same time, we ask the Shanbhogs and Stamp Vendors to go to the Branch Book Depots at District Head-quarters and some other places to buy the forms, not many of them may care to do so.

(41) There is no reason why the existing facilities for the sale of Patta forms should be curtailed - when the popular demand is all for increasing such facilities - merely in order that the Superintendent, Government Printing may promptly close his accounts. He can do so as soon as he issues Patta forms to the Treasury, leaving the latter to keep stock accounts and watch recoveries.

43) The Rev: Commr. states that the Shanbhags from his care to go to other vendors and Branch Depots at Dist Headquarters for purchasing the Patta books. The Supt Govt Printing states at Para 29 of the notes on page 8 that the Govt Book Depot has got its branches at agencies at Dist and Taluk Headqrs. When these agencies and the stamp vendors stock the patta books at the Dist and Tk Headquarters for sale to the public there does not seem to be any difficulty for the Shanbhags who usually go to the Headqrs, to purchase the forms just as they would do if the forms are sold at the treasuries. Thus the question of stocking the patta forms at the treasuries does not arise. The Supt's proposal that the requisition for Supply of patta books may be complied with only when they are accompanied by Treasury Challans (vide his letter d 27-4-35) may be approved. SIR,

With reference to Government Order No.G,9408-11/P. & S. 24-34-4, dated the 18th April 1935, approving of my proposal to transfer the stock of Patta Books to the Government Book Depot and to send all the requisitions received for these books to the Book Depot for disposal, I have the honour to state that requisitions are being received from Deputy Commissioners and Amildars for the supply of Patta Books with a bill of cost for adjustment. I beg to state that it is not convenient to supply these books and wait for the adjustment of cost subsequently as Rule 3 of the Rules relating to sale of official publications prescribes that no publication should be sold on credit nor sent out on inspection and return. In this connection it may be noted that copies of the book " Socrates in an Indian Village " and of the Khathe, Khirdi and Village Panchayet Receipt Forms were supplied to the Revenue Department under this arrangement and some of the accounts are not yet settled though the supplies were made three years ago.

2. Requisitions are being received for the supply of Patta Books from Shanbhogues together with Treasury chellans for the cost of the books required by them and such requisitions can be easily complied with, as the money has been recovered in advance and the transactions can be finally closed. I therefore beg that I may be kindly permitted to comply only with requisitions received from Shanbhogues and Stamp Vendors and Book Depot Agents in accordance with Government Order No.G.5811-14/P. & S. 24-34-2, dated the 13th December 1934.
